09/09/1991

ABOUT

I am a web developer with experience in Nextjs, React, Astro, Typescript, Express, MongoDB, Firebase, Javascript, CSS and HTML. I live in Argentina and i'm looking for remote work opportunities that give me the possibility of helping and being helped in the programming environment. I have also been a music teacher for 15 years, this shows my passion for pedagogy.

Full stack developer

EXPERIENCE

Web developer
Free lance - 2023 / present

- Realization of specific requirements of each client.
- Web design.
- Landing pages.
- Dashboards and admin panels.
- See my projects in www.dariocolaciuri.com

Musician
Free lance - 2009 / present

- I was working for 15 years as an educator, researcher and sessionist. This is my longest-lasting job, which shows my passion for teaching and learning as well.

Manager
The Cavern BA - 2013 - 2018

- In this role, I was responsible for managing a team of employees, coordinating with suppliers to ensure smooth operations, overseeing customer service to maintain high satisfaction levels, and handling financial tasks such as budgeting and payments. The Cavern BA is a unique gastronomic venue that pays tribute to The Beatles, located in Paseo La Plaza, offering a distinctive experience for fans and visitors.
